SKIN CONCERN

Anti-Aging/Wrinkles/Sagging Skin

IDEAL FOR

Beauty seekers desiring noticeable improvements to the vibrancy and youthfulness of their facial appearance.

KEY BENEFITS

- Beautiful, healthy skin
- Microcurrent increases circulation, collagen production, and cell activity to produce noticeably lifted, toned, and glowing, beautiful skin.
- Fits into your existing skincare regimen and boosts efficacy of products

NUFACE® TRINITY SOLUTION

FDA-cleared, revolutionary device designed with interchangeable heads to bring a variety of spa-quality treatments and therapies to your home. Uses microcurrent technology to gently and effectively deliver soft microcurrent waves to strengthen the facial muscles to tone, lift, and clarify your skin's health and appearance. Now in a beautifully engineered ergonomic design with push button controls and rechargeable battery for simple, easy use.

NUFACE®

New! NuFACE® Trinity Facial Toning Device \$325.00

In just 5 minutes a day, the result is a more beautiful, vibrant look.

THE ULTIMATE SOLUTION
FOR AGING SKIN

3 EASY STEPS

1. PREP: Apply any NuFACE® serum (optional), then the NuFACE® Gel Primer to your targeted treatment area(s).

2. LIFT: Glide the NuFACE® device over the natural contours of your face.

3. FINISH: With a warm, damp washcloth, gently remove the NuFACE® Gel Primer then apply your NuFACE® toner, serums and moisturizer.
